# Maintenance Services

## Maintenance

### Vacation Maintenance

Going away on vacation and worried about who will take care of your pool while you're away? All Seasons offers vacation maintenance so you can enjoy your vacation worry-free, whether you're gone for a couple days, or a couple weeks!

We can brush the walls, vacuum the pool, add chemicals, fill chlorine feeders/skimers, and backwash as needed.

### Routine Maintenance Services

As Chicagoland's preferred pool and spa service center, our customers turn to us for their routine pool & spa cleaning, water testing, and maintenance needs. Spend your free time enjoying your pool, not maintaining it. Our highly trained maintenance technicians will see that your pool is always ready for you!

We provide a variety of maintenance packages for inground pools and spas to fit every need. Indoor or outdoor, once a week to once a month, we have a program that's perfect for you.

On every maintenance visit, using the most advanced technology available, our technicians perform computerized analysis of your water right in your own backyard, emailing you the results before they leave your home, keeping you as informed as you can be about what is done at each visit! Historical records of each test are stored for future comparisons and can be accessed by our employees in the field or at our retail store.

With this information, we'll make precise adjustments to the water chemistry, helping you to ensure the perfect swimming environment. We'll also clean your pump and skimmer baskets, clean your filter and empty automatic cleaning equipment bags and screens. Before we leave we'll even inspect your equipment to help make sure everything is functioning properly.

Other services that are available include waterline and tile brushing, vacuuming and surface skimming.

All Seasons can do as much, or as little, of the routine maintenance as you feel necessary, so you can spend more time enjoying your backyard!

# Pool & Spa Openings & Closings Openings

When looking for a swimming pool professional to help you with your inground pool or spa opening, remember that All Seasons is the only company in the Chicago area with well over 200 years of experience in our service department alone!

Our highly trained professional staff of year round, Certified Service Professionals should be your only choice for all of your swimming pool or spa needs. All Seasons offers a variety of options in order to accommodate your pool or spa opening needs.

**Contact our Service Department to schedule your pool or spa opening today!**

## **Inground pool or spa openings can include the following:**

- Removal of winter cover
- Removal of all winterizing plugs
- Reinstall all drain plugs, baskets and filter cartridges
- Add initial startup chemicals
- Test your automatic pool cleaner, pool lights and electrical controls, heater, and pump
- Re-installing your ladders and hand rails
- Start up of your equipment

## **Portable/Acrylic Spa openings can include the following:**

- Reinstall drain plugs in equipment
- Wash spa interior with spa cleanse
- Priming of pumps
- Verification of operation of blowers, heaters, lights, and controls
- Fill spa & start up
- Placement of spa cover over spa

# Pool & Spa Openings & Closings

## Closings

Let's be honest, most of us don't want to even think about closing our pools. Don't stress over it, let All Seasons Pools handle the job for you! Our attention to detail when closing your pool will guarantee that your equipment, and family, are safe during the winter.

All Seasons recognizes that each pool is an original, and we are aware that your pool may need special services. We offer different packages, even for pools and spas that are closed together, but we can certainly take care of any additional services your pool may require and do understand if you want to leave your spa open during the winter season.

**Contact our Service Department to schedule your pool or spa opening today!**

### **Inground pool & spa closings can include the following:**

- Blow out underground piping
- Install your plugs & skimmer expansion devices
- Drain & visually check all equipment
- Remove ladders, grab rails
- Disable pumps
- Add winterizing chemicals & antifreeze
- Install your winter cover

### **Portable/Acrylic spa closings can include the following:**

- Drain equipment and spa
- Blow out piping
- Install winterizing plugs
- Visual evaluation of spa, equipment, and controls
- Add antifreeze
- Secure spa cover

# Equipment Upgrade and Replacement

## Pumps

### IntelliFlo™ VSF Pumps

Are you tired of wasting energy? Looking for a way to save money every month while improving your pool? Look no further than the IntelliFlo VSF pump! This pump provides precise flow control, which means increased efficiency, savings and performance. The pump's innovative dual-technology design ensures the desired flow rate is maintained, no matter the conditions. Plus, the IntelliFlo VSF pump helps the rest of your equipment perform exactly as it's meant to—from filters to laminars to waterfalls. The IntelliFlo VSF variable speed and flow pump is just another in a long line of innovative products from Pentair.

#### FEATURES:

- ENERGY STAR® Certified
- Cost savings that average up to \$1,500 annually
- Up to 90% energy savings compared to previous-technology pumps
- Near-silent operation—as low as 45 decibels
- Super-efficient permanent magnet motor – the same technology found in hybrid automobiles
- Rotatable keypad with optional wall mount kit
- Seamlessly interfaces with IntelliTouch® & EasyTouch® Pool and Spa Control Systems

**90%**  
**Energy Savings!**

### WhisperFlo™ Pumps

This pump's innovative hydraulic design offers the highest water flow of any high-performance pump—yet with the lowest electricity consumption. The WhisperFlo High Performance Pump is built to last, with an engineered thermoplastic housing and robust motor components. Unique design features make this pump easy to monitor and clean.

### SuperFlo™ VS Pump

SuperFlo VS pumps slash energy costs by up to 80%\*, compared to conventional pool pumps. With premium features like a 24-hour real-time clock and an intuitive interface that displays watts and RPMs, they're easy to program and operate. With the SuperFlo VS pump, you can enjoy big savings on your utility bill.

## Filters

### Clean & Clear Plus™ Cartridge Filter

Clean & Clear® Plus Filters have a corrosion resistant, injection molded filter tank featuring superior strength and reliability. The cartridge assembly uses four easy to clean, non-woven, polyester cartridges.

### Tagelus™ Sand Filter

Our unique, patented process creates a one-piece, fiberglass reinforced tank with superior strength and durability. Tagelus® Top Mount Filters are equipped with a six-position, clamp style, top mounted multi port valve.

### Perflex™ Earth Filter

Perflex Extended-Cycle D.E. filters clean pools fast, removing particles as small as two microns the first time through. An exceptional value as a replacement filter or for new pool installations. For sparkling, clean pools, step up to Perflex.

# Equipment Upgrade and Replacement Heaters

## MasterTemp™ Heaters

MasterTemp® offers all the efficiency, convenience, and reliability features you want in a pool heater, plus a lot more. As easy to use as your home heating system, plus, user-friendly indicator lights make system operation and monitoring a snap. The compact design and super quiet operation won't intrude on your pool side leisure time.

Because of its optimized fuel/air mixture, the MasterTemp is rated at an 84% efficiency rating, the highest in its class.

# 84%

**Efficiency!\***  
Best in its class

# Automation

## EasyTouch® & Amazon Alexa

The EasyTouch® Control System family offers a new level of control for homeowner's looking for an affordable, easy to use pool/spa control system. EasyTouch allows full control of all pool/spa features including advanced options such as colored lighting and Salt Chlorine Generator support.

Every EasyTouch system includes an easy to use control panel that is built into the outdoor enclosure. This control panel allows for full system setup, programmability, and everyday operation. In addition, there are several other available remote interface choices as seen below.

Pairing your Amazon Echo™, or similar devices, with the ScreenLogic Skill makes managing your pool or spa environment easier than ever. This cutting-edge technology lets you control the functions of your pool or spa with just the sound of your voice.

# Equipment Upgrade and Replacement

## Salt Sanitizing Systems

### IntelliChlor & iChlor

Salt-chlorine generation uses common table salt to produce all the chlorine a pool needs, safely, effectively, and automatically. It provides the same sanitation performance as harsh chlorine additives without the drawbacks. There's no need to buy, handle and store unnecessary chemicals.

- Prevents the generation of chlorine when the pump is not activated
- No more bleached out bathing suits
- Once the chlorine has finished purifying the pool of contaminants, it reverts back into dissolved salt and the cycle repeats so the salt never goes away!

## Keep Your Pool Water Perfectly Balanced With Hands-Free, Automated Ease

### IntelliChem®

It can be a challenge to keep the pH and chlorine levels of your pool in constant balance rather than cycling up and down. The IntelliChem® chemical controller does it automatically by monitoring your pool's pH and sanitizer levels, and delivering just the right amount of chemicals. IntelliChem uses the same technology found in commercial installations, water parks, hotel and community pools. It can work independently, or together with Pentair automation products - so you can check your water chemistry at a glance.

- Programmable chemical feed cycle and mix times for precise water balance
- Assures safe water conditions by preventing excess chemical addition

# Pool & Spa Lighting Upgrades

## White Lights

### Amerlite™ Incandescent White Light

Incandescent lights have been the world standard of reliability for underwater pool and spa lighting for decades. In fact, tonight they will light more than 3 million pools around the world.

### IntelliBrite 5g™ LED White Light

The IntelliBrite 5g White underwater LED light is not only brighter than incandescent lights, it's the brightest on the market.

The IntelliBrite 5g light uses only 70 watts to create the same light output as a 500 watt incandescent light bulb. That's 86% less energy used!

## LED Light Upgrade Options

### IntelliBrite 5g™ LED Light

IntelliBrite® 5g automated color-changing pool and spa lights feature LED technology, the wave of the future in energy efficiency, lifetime value, quality of light, and controllability.

With IntelliBrite 5g, combinations of individual colored LEDs are mixed and matched to achieve a vibrant spectrum of colors. These combinations are power sequenced to illuminate and cycle through colors at varying speeds, and in different sequences of color.

### Savi Mini Melody LED Light

Are you looking to update your old **fiber optic lights** that are just not as bright as they used to be.

With bright luminosity and powerful durability, the Savi Mini Melody 12V Pool and Spa Light exemplifies the innovative direction of Savi lighting. The Mini Melody LED Pool and Spa Light is ideal for steps, swim-outs, sun-shelves, small pools, spas and shallow water applications. Whether you desire a solid color or would like a color changing effect, the Mini Melody is the light to upgrade to!

# Inground Pools

## Time for a New Liner?

Backed by up to a **20 year manufacturer** material warranty, and up to a **5 year installation warranty** from All Seasons, our in ground liner replacements assure you of years of trouble free swimming! We're so confident of our professionally installed liners, if you have a warranty problem, we'll not only replace the liner, but **we'll reimburse you for your troubles!**

You won't find any other pool company with a warranty like All Seasons!

## Give Your Pool A Facelift This Year!

## Winter Safety Cover

You'll probably never need a pool cover that is safe and strong enough to support the weight of "Bubbles" the African Elephant. Imagine how safe you'll feel owning the only pool cover that's proven it can: the one and only LOOP-LOC safety swimming pool cover. Built super-strong and securely anchored into the deck, LOOP-LOC puts an unbreakable "lock" on your pool to protect your family.

### PROTECT WHAT YOU LOVE

# Inground Pools & Spas

## Plaster & Tile

**All Seasons Pools & Spas** is proud to be honored as one of the top 50 Pool Builders in the country by Pool & Spa News. Our design consultants work closely with you to renovate your pool to exceed your expectations.

### Is it Time For a Change?

Is your concrete pool in need of a updating? Does it have faded, chipping and peeling paint? Worn out plaster? Outdated tile? All Seasons can give your pool with a new look using the latest in aggregate plasters and frost free water line tiles!

**Add new sparkle to your pool, matched to your personal taste. We have multiple tile and plaster selections that you can choose from!**

# Coping & Decking Replacement Pavers

Whether you are looking for something to surround your pool or searching for a unique step application, Belgard's bullnose paver is the answer. One of the most popular of our many customers. The smooth surface of the bullnose paver offers many opportunities that are only limited by your imagination.

There are many options of coping available. Call today to schedule an appointment to discuss your coping or decking renovation project,

## Mega-Arbel® Paver

Mega-Arbel pavers give homeowners the perfectly integrated, natural-looking hardscapes they desire. Featuring a range of attractive natural hues to choose from, Mega-Arbel's scale is similar to natural flagstone—roughly two times larger than Arbel, its smaller counterpart. Plus, installation is easy—cutting is reduced to a minimum due to Mega-Arbel's ingenious interlocking design.

### Color Selection

Ashbury Haze Danville Beige Bristol Beige Cotswold Mist Brookstone Slate Gascony Tan

## Urbana Stone® Paver

The Urbana® Collection's fine chiseled textures and contours combine with its random shapes and patterns to recall vintage cut stone. It is offered in a versatile three-piece modular system with an optional large square that adds a broader range of shapes and an even grander scale.

### Color Selection

Ashbury Haze Bannockburn Red Brookstone Slate Cotswold Mist Gascony Tan

## Lafitt Rustic Slab® Paver

Lafitt Rustic Slab features the look and texture of cut slate combined with the lasting strength and staying power that are hallmarks of Belgard pavers. Three shapes allow for a wide variety of design options, giving homeowners the ability to create eye-catching patios, walkways and more, with a natural slate appearance.

### Color Selection

Brookstone Slate Danville Beige London Grey

# Automatic Cover Maintenance

## Automatic Cover Services

### Adjustment & Maintenance Service

Having issues with your automatic pool cover not closing or operating properly? All Seasons provides an automatic cover maintenance service that includes the following:

- Provide labor for adjustment of auto cover
- Lubricate all necessary pulley and fittings
- Flush auto cover tracks with water
- Inspect screws for tightness
- Inspect sliders, glides and guides for wear
- Inspect cover box for debris
- Inspect cover box for blocked drainage

### Cleaning of Fabric & Housing Service

Does your cover fabric need to be cleaned and refreshed for the start of the spring season? All Seasons provides a cleaning of the auto cover fabric and housing service that includes the following:

- Scrub pool cover with up to one quart of pool cover cleaner
- Apply up to one quart of cover fabric protectant to cover \*Note: Cover should remain closed until protectant dries
- Inspect auto cover housing, remove debris and rinse out housing (if necessary)
- Clean and inspect auto cover pump

## Fabric Replacement

Notice discoloration, wear & tear, or frayed stitching on your automatic cover fabric. All Seasons is able to replace any brand of automatic cover fabric with Coverstar's heavyweight, most technically advanced fabric in any of the colors below!

We make it strong. We make it easy.  
**COVERSTAR**

*Pool Safety Covers for Gunite, Fiberglass  
and Vinyl Liner inground swimming pools.*

## Services

Are you having issues with your pool or spa, pump, heater, filter, or not sure exactly what the issue is? The Service Department at All Seasons Pools & Spas can help. Our service technicians are professionally trained with countless years of experience and are able to guide you to a resolution for the problem you are experiencing.

### Heater Tune up & Maintenance

Is your pool heater not as efficient as it used to be or just want to keep it at its best? Give us a call to schedule a heater tune up & maintenance today.

This service includes the following:

- Check heater for leaks & operation
- Clean burner & injectors of deposits & spider webs
- Clean corroded electrical connections
- Clean out cabinet of all debris
- Clean heat exchanger of all soot & debris
- Clean pilot, tube, & ignitor

### Salt Cell Cleaning Services

A salt chlorine generation system can save you time and money on your chemical expense, but salt cells need to be cleaned and maintained from time to time. Cleaning of the cell should be done to remove buildup of minerals and calcium buildup to restore the cell to its highest working level.

### Filter Cleaning Service

Dirty filters? No hassle for us! All Seasons can chemically clean your filter elements, whether it is cartridge or diatomaceous earth. Leave the dirty work to us!

## Leak Detection & Repairs

### Leak Detection

Is your pool losing more than 1/4" of water a day? Do you need to add water more than once a week? If so, All Seasons can help you identify the source of your water loss AND help you repair the leak!

We can pressure test your underground piping to determine if it's leaking, evaluate sources of water loss through your pool equipment or if necessary, have one of our certified scuba divers evaluate your pool structure for possible sources of underwater leaks!

### Underground Piping Leak Repair

Once a leak is found, our experienced technicians will work with you to find the most economical method of repairing them. Whether it's a simple patch on a vinyl liner, sealing an underwater light conduit, minor and major crack repair, replacing underground piping, or even building a new pool within the old structure, All Seasons does it all and more!
