Welcome to the Wonderful World of Water

Welcome to San Juan Pools

*We are the world's leader in fiberglass
swimming pool technology and
have been crafting quality fiberglass
pools since 1958.*

San Juan started in Seattle Washington in 1958 and was the first company to apply the then new material of fiberglass to pool construction. San Juan created and leads the one-piece fiberglass pool industry.

With San Juan, you can be confident that we back our fiberglass pools as solidly as we build them. San Juan craftsmen assemble every fiberglass pool with meticulous attention to detail using the highest quality materials available.

Innovation, ingenuity and creativity make San Juan pools the worldwide leader in swimming pool technology. We create custom fiberglass pool designs which offer you numerous advantages that concrete and vinyl liner pools cannot match. The satin-smooth finish and rounded corners of your San Juan pool will not chip, tear or harbor bacteria and algae.

Manufacturing fiberglass pools since 1958, San Juan has and always will set the standard in the swimming pool industry. Your San Juan fiberglass dream pool is just a phone call away!

Float·es

Float Epsom Salt

Float-ES Epsom Salt Chambers can be used to improve your life in many different ways, from stimulating pain-killing endorphins to improving performance for athletes.

Life improvements you can expect are:

- Decrease stress, anxiety and tension by lowering the related levels of biochemicals in your body.
- Weight Loss, evidence shows that floating can initiate weight loss and has a maintenance effect to help keep off the additional unwanted pounds.
- Pain-killer, floating stimulates the brain to secrete endorphins reducing pain.
- Helps reduce bad habits, as in smoking, drinking, drug use and counteracts withdrawal symptoms.
- Improved performance for Athletes, as well as increasing recovery time.
- Super-learning helps increase the mind's power on comprehension.
